To Mr. and Mrs. John Morrison, 1225 Marine avenue, Wilmington, a girl on April 15.
To Mr. and Mrs. Shadburne Old, 353 Calle Mayor, Hollywood Riviera, a boy on April 13.

Kindness To Animals Is Theme of the Week

This week, April 17 to 23, inclusive, is being observed all over the country by anti-cruelty societies and other well disposed persons as "Be Kind to Animals" week. Millions of people are sufferers because of the depression, which means that thousands of pets are also being neglected or turned out to shift for themselves. This year more than ever, it is the duty of conscientious persons to heed the plea of dumb animals which should either be properly cared for or put humanely out of their misery.

IN NEW QUARTERS

DR. O. E. FOSSUM Dentist

Dr. O. E. Fossium, dentist, announces the removal of his office from the second floor of the Levy building to more commodious quarters on the ground floor of the Burkhardt building, corner of El Prado and Sartori avenue. Telephone 186.

An attractive suite of six rooms has been redecorated for Dr. Fossium at his new location, including: reception room, business office, operating room, laboratory, dressing room, and dark room for the development of X-ray films.

Dr. Fossium is a graduate of the College of Dentistry at the University of Minnesota. He came to Torrance nine years ago. Last December he was chosen worshipful master of the Torrance Masonic lodge.

Seek Ordinance to Curb Wild Rumors

Persons who inspire and circulate false stories about earthquake damage in Long Beach or any other section of the county should be prosecuted, in the opinion of the Long Beach Chamber of Commerce.

Supervisor Hugh A. Thatcher today was considering the possibility of a special ordinance to protect communities, just as banks are protected from the circulation of false rumors about their financial condition.

at Narbonne High School

Los Amigos, Spanish club sponsored by Mrs. Grant, is planning a program of skits, music and popular Spanish songs, to be presented for junior high student body members at a junior assembly on May 8. Every year the club puts on a program, but this is the first time they are giving one for junior high only. The purpose is to acquaint the younger students with Spanish customs and the Spanish language.

With the aid of Miss Stiff's enthusiastic cheer, her B11 girls, captained by Nondus Stump, won a fast, well-played game from Joan McLellan's A12 team by the decisive score of 35 to 16 Wednesday, April 12. This game ended the senior high basketball tournament and gave the B11's the coveted championship.

A great deal of the junior B's success was placed by the coach, Miss Mason, on their excellent teamwork. The first three baskets were made by Dorothy Springman, who totalled 13 baskets and three free throws.

The seniors were greatly set back by their lack of teamwork, but displayed a great deal of pep and fight and many times came close to their opponents' score. The game was refereed by Miss Ernst, playground director, and Roselyn Phelps, a physical education major at Santa Barbara State Teachers' College.

The line-up of the championship team was: Geneva Straub and Dorothy Springman, forwards; Emma Widner and Adine Rigley, alternating at running center; Joyce Bunge, jumping center; Julia Gannon and Merrill Pankey alternating with Helen Gough and Nondus Stump at guard. Miss Stiff, home-room teacher, was the most enthusiastic member of the rooting section.

The old members of the Jane Adams club had their inning Thursday, April 13. On that day the four new girls in the club entertained them at a party at the girls' rest room. An Easter-egg hunt for candy eggs proved the most fun for the 12 girls and four teachers who attended.

Afterwards refreshments of sandwiches, nut pie with whipped cream, and punch were served in the cafeteria.

The hostesses were Hilda Robertson, Harriet Fink, Phyllis Watton and Virginia Schock.

Chickenpox Adjourned Court FRANKLIN, Ind. (U.P.)—Court had to be adjourned for several days here when Judge Charles B. Staff contracted chickenpox from his small son.

Penney Co. Holds "Thank-You" Value Party On 31st Anniversary

J. C. Penney Company is commemorating its 31st anniversary this week with a coast-to-coast offering of "thank-you" values, many of which are advertised in this issue by F. M. Buffington, manager of the Torrance store.

"Much of the success of the organization is attributed to the policy of Mr. Penney, inaugurated 31 years ago, in making store managers partners with the company in their individual stores," said Mr. Buffington. "Like managers of other J. C. Penney Company stores, I have a one-third interest in the Torrance store, and receive one-third of the profits from its operation, as well as participating in the profits as a stockholder in the national organization. It is significant of the company's alert methods in catering to the

ever-changing desires of the buying public, that the J. C. Penney Company has never missed a regular dividend, even in the last trying three years. In sincere appreciation of the public's increasing patronage, this gala 31st anniversary party has been arranged. It is your opportunity for still higher quality at still greater savings."

Bottle Floated Across Pacific

ASTORIA, Ore. (U.P.)—A bottle that floated across the Pacific ocean was picked up on the beach here by Miss Ila Heikkila. The bottle contained a message, written in Japanese, saying that it had been dropped into the sea in May, 1931, from a Japanese steamer. The finder was asked to notify the Japanese bureau of marine products, which was seeking data on ocean currents.

Take Out Insurance For Health Center

Los Angeles county today arranged for insurance on the new Torrance health center, at the instruction of the board of supervisors.

Discovery that the newest county structure was without any protection whatever was made by J. M. Wood, deputy county auditor. Cost of the building was

given as \$45,687, with another \$9745 invested in equipment and furnishings. With 90 per cent coverage, the policy was ordered written for an even \$50,000.

The Board of Fire Underwriters recently informed the supervisors that a three-year policy could be written for a total premium of \$400. The board of supervisors instructed the auditor's office to handle the insurance in the usual manner.

Good Cooking!

Easy and Economical with a Modern Gas Range

Automatic time and temperature control makes good cooking easy. The home manager may be miles away when cooking starts and proceeds to a perfect finish.

Oven insulation and new type burners make natural gas even more economical than before. Cooking costs as little as a quarter of a cent a person a meal.

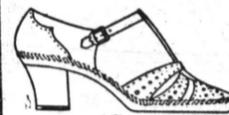

Look for the Blue Star Seal of the American Gas Association Testing Laboratory on the modern range you select.

Southern California Gas Company Corner Post and Cravens Ave., Torrance.
